

COSMETIC PAYMENT POLICY

OFFICE VISIT

The fee for cosmetic consultation is \$75. This is to be paid at the time of your consultation and is not applied to your surgery charges. It does include your imaging appointment, which is to be scheduled two to three weeks after your initial consultation.

At the time you schedule a date for your surgery, a **\$500 deposit** will be required to secure that date and will be applied toward the surgeon's fee.

COSMETIC SURGERY

100% of your cosmetic surgery cost is due **two weeks prior** to the date of your surgery. If payment has not been received, your surgery will be canceled, and your deposit forfeited. Should you need to cancel or reschedule your surgery, you must do so at least **three weeks prior** to the original surgery date or your deposit will be forfeited. Potential cost factors in most cosmetic surgeries involve the following:

- Surgical procedure (physician's fee)
- Operating room
- Supplies
- Anesthesia
- Hospital room
- Lab work, pathology, EKG interpretation (not covered in quote, patient will be billed)

Our office accepts the following credit cards: Visa, MasterCard, American Express and Discover as well as personal checks, cashiers checks or money orders. Anesthesia and surgeon fees will be paid in one total to UT Southwestern Medical Center if you are having your procedure performed at Zale Lipshy University Hospital. If you are having your procedure performed at Forest Park, then you will pay Forest Park and anesthesia fees at that facility on the day of your procedure.

Should you need to reschedule or cancel your surgery, please contact the office at least three weeks prior to your original surgery date to prevent losing your deposit.

I have read and understand the cosmetic payment policy.
